Secrets of Impact and Influence:

2-Hour Event

Why take 2 hours out of your busy schedule to attend this introductory event?

If you give talks, presentations or seminars, knowledge is your power: you must understand the hidden forces that destine you—no matter how comfortable you may be in front of audiences; no matter how experienced you are in front of audiences--to be ineffective and mediocre.

Without this knowledge, you will continue making unwitting mistakes that cost you your reputation and the results you're there to achieve.

In this popular, beloved event, you'll learn:

- What these hidden forces are and how they infiltrate every speech, talk and seminar you give.

- What's beyond those forces: a New Paradigm of Audience Leadership. You'll be introduced to the New Paradigm and why it is the only path a successful presenter can afford to take into the future.

- That in the New Paradigm, you're not a "speaker," "lecturer," "presenter," or "seminar leader"...you're something so much more—and just knowing what that is will change who you are and what you do with groups.

- You'll learn and practice a fundamental technique for getting an audience's interest within seconds--that you can use the very next day.

- You will leave with know-how that will explode your market value and give you an unprecedented competitive edge.

- And throughout it all you'll have-(dare we say it?) FUN!

This introductory event is an invaluable opportunity for you to get a taste (look and feel) of the New Paradigm of Audience Leadership. There is so much to share, I couldn't possibly teach it all in 2 hours, so I have a 1-Day Event that I'll give everyone an opportunity to hear about at the end.

The cost of Secrets of Impact & Influence: The 2-Hour Event is \$69.

Don't Wait to Register Above. Seating is Limited.
